

Dear DCS Users,

In an ongoing effort to increase efficiency and meet security guidelines NOAA will discontinue use of the Dial-In lines to the DCS Automated Processing System (DAPS). It is our observation that these lines are rarely, if ever, used. They will be decommissioned on July 20, 2009.

If you are using these lines, please contact us to discuss alternate methods of access. You may call the DCS Technicians at the Wallops CDA at 757-824-7450, or the DCS Management Staff at 301-817-4558 (Kay Metcalf) or 301-817-4563 (Letecia Reeves).

Thank you!  
Kay Metcalf  
GOES DCS Program Manager
