Notice to Users

This is a United States NOAA computer system, which may be accessed and used only for official Government business by authorized personnel. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action.

All information on this computer system may be intercepted, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including criminal investigations. Access or use of this computer system by any person whether authorized or unauthorized, constitutes consent to these terms.

Register for Direct Readout and Services Notifications

Help us keep you up to date with changes and anomalies!

DADDS website can be accessed via any of the following four (4) servers

<https://dcs1.noaa.gov>

<https://dcs2.noaa.gov>

<https://dcs3.noaa.gov>

or

<https://dcs4.noaa.gov>

- 
- **SUA renewals are every five (5) years and every year for manufacturers but feel free to update the SUA at anytime.**
 - **Typically the person who submits the SUA is automatically listed as “requester”. This role can be updated by NESDIS at any time. The ‘requester’ must be registered in DADDS.**
 - **The person listed as ‘requester’ in the SUA will receive renewal notifications via email.**

➤ The email notification will request the user to login to DADDS to update SUA. Users will be prompted to update SUA once logged in.

- Need Help? [Click here.](#)
- 24/7 Technical Support: (757) 824-7450
- [DCS Operational Notices RSS Feed](#)

- 
- You will then be asked for your email address and for correct answers to your security questions.
 - The default answers to both security questions will be your last name+PIN (no space before, after or in between).
 - If you forgot your PIN contact
letecia.reeves@noaa.gov,
valerie.randall@noaa.gov
or call Wallops help desk at 757-824-7450 for assistance.

Forgotten Password continued

- **When the answers to the security questions have been answered satisfactorily you will be emailed a temporary password.**
- **Append the 'PIN' to the end of the temporary password to make it complete (DO NOT ADD SPACE). Suggest copying and pasting the temporary password.**
- **You will be prompted to create a new password.**

➤ **When creating a new password make sure to use the following guidelines:**

- Minimum length of 12 characters**
- Must contain at least 1 upper case letter**
- Must contain at least 1 lower case letter**
- Must contain at least 1 numeric character**
- Must contain at least 1 special character (ie. !, @, #, \$, etc.)**
- Cannot contain more than 2 repeating characters**
- Passwords expires after 60 days**
- Passwords cannot be reused for 2 year.**

The End
Any Questions?

Thank you
